

homemade
LEMONADE recipe

1 CUP SUGAR
6 CUPS WATER
6-7 fresh squeezed **LEMONS**

Directions:

1. In a small saucepan, combine sugar and 1 c. water. Bring to boil and stir to dissolve sugar. Allow to cool to room temperature, then cover and refrigerate until chilled.
2. Remove seeds from lemon juice, but leave pulp. In a pitcher, stir together chilled syrup, lemon juice and remaining 5 cups water.

**Tip—to get the most out of your lemons you can either soak the lemons in hot water for 10 minutes or put them in the microwave for 30 seconds.*
