

The Countdown Knock Down

Place 12 cups in a circle so that it resembles a clock with a cup in each hour position. The player will place a pair of pantyhose on their head with a tennis ball in the bottom of one leg. In the time allotted they will need to knock over, or out of position, each hour on the clock starting with 11 and working backwards around the clock. The last one to be knocked over should be 12 o'clock.

The Ball Drop

Take a Kleenex Tissue Box and cut two slits on the ends so that you can slide a belt through it. Place the belt around the participants waist so that the box is on their lower back. Participant has to shake a Ping Pong ball out of the box by shaking their hips and moving their body. The goal is to get the ball to drop to the ground before the allotted time is up.

Drop Around the Clock

Participant will pick up small candies one at a time using only a straw and their mouth (a hand may be on the straw to hold it to their mouth). They will place one candy in each of the sections of the clock going around the clock in order starting with 12 o'clock. Must complete TWO rounds around the clock so that there are 2 candies in each hour of the clock.

The Final Countdown

You will need 40 cups (39 one color and 1 a different color). Participant will start with the different colored cup on the bottom of the cups all stacked together. When the timer starts participant must move one cup at a time through the stack so that different colored cup ends up at the very bottom and in the same position it started in.

Time Flies

Line up 12 cups in order. Participant will blow up a balloon and then blow each cup off of the table one at a time.

Midnight Kiss

This is a two player challenge. One player will place a chocolate kiss on a wooden stick he is holding in his mouth. He will pass the kiss from his stick to the other player's stick without touching it. The second player will place the kiss into a bucket a few feet away. The goal is to get as many "midnight" kisses into the bucket as possible.

Kisses Countdown

Place numbered chocolate kisses (on the bottom) under 12 Solo cups (un-numbered). Place 12 numbered cups in a circle to represent a clock. Participants will uncover one kiss at a time hidden under a cup and place it in the correct hour and corresponding cup in the "clock of cups". Must complete and have a kiss in every hour before the allotted time expires.

A Toss Through Time

Player will need to toss marshmallows through each hour of time on your posterboard clock. Determine a set distance player will need to stand away from the clock. For younger participants you may consider allowing them to stand a little bit closer to the clock.

New Years Stack Attack

Start with 36 Solo cups all the same size. Player will stack the cups into a pyramid shape so that final shape has 1 cup on top of 2 cups, on top of 3 cups and so forth. After the cups are stacked in a pyramid, player will stack all the cups back into one large stack of cups in the allotted time.

Tick Tock...Tic Tacs

Player will transfer one Tic Tac at a time from one bowl full of Tic Tacs to an empty bowl using only tweezers. The goal is to get as many Tic Tacs into the empty bowl as possible in your allotted time.
