

## **Liquid Starch Slime Recipe**

1/2 cup water

1/2 cup glue

1/2 cup liquid starch

\*extra add-ins

1. In one bowl mix 1/2 cup water and 1/2 cup of glue.
2. Add in any extras at this time...like glitter.
3. In another bowl measure out 1/2 cup of liquid starch.
4. Slowly mix the glue/water mixture into the starch with a spoon, make sure to get all glue out of bowl.
5. Switch to mixing with hands for a few minutes until you feel it come together.
6. Put in a clean, dry container or on a plate.

\*\*Liquid starch slime gets better with use. Keep playing with it and in a few minutes, it should reach a nice consistency. Store in an air-tight container. If it gets hardened, it may be possible to revive it by adding a little bit of water to it and kneading it together.
