Author: [Kleinworth & Co.](#)

To make:

Ingredients:

- 1 (12-ounce) package cashews (3 1/2 cups)
- 1 (12-ounce package shelled walnuts (3 1/2 cups)
- 1 bag mini marshmallows
- 1-1/2 (12-ounce) packages milk chocolate
- 1 (12-ounce) package semisweet chocolate

Directions:

1. Combine chocolate & nuts in slow cooker.
2. Cook on low for 1 hour, or until chocolate melts. Please don't lift the lid & keep a close eye on the chocolate to be sure to not overcook
3. After 1 hour, stir the mixture & fold in marshmallows
4. Transfer mixture into a parchment lined casserole dish or large jelly roll pan (I use a large 3/4 sheet jelly roll pan)
5. Place in refrigerator to harden completely (if you are impatient like me, you can pop it in the freezer for about 20 minutes)
6. Once set- remove by pulling up on the parchment paper & cutting into squares before transferring to an airtight container.
